

Commuting Patterns

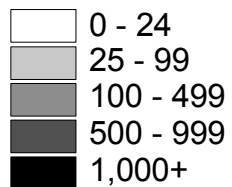

- In 2000, 188,560 persons worked in the Purchase/Pennyrile WIA, 28,833 of whom commuted into the region. More persons commuted into the Purchase/Pennyrile WIA than commuted out of the WIA; 28,833 workers commuted into the WIA, 85% from outside Kentucky. The majority of these persons commuted into Christian County. 15,744 residents commuted outside the region, 63% worked in another state.
- Calloway, Christian, Fulton, and McCracken Counties were net-importers of labor in 2000.
- In Kentucky, 30.3% of workers commuted outside their county of residence. In the Purchase/Pennyrile WIA, this percentage ranged from 12.5% in Christian County to 61.9% in Carlisle County.
- The Table below shows the 1990 and 2000 Kentucky commuting patterns into and out of the bordering states. Notice that there was a net loss of workers to the bordering states in 1990, but a net gain in 2000, due in large part to persons from Ohio commuting into the Northern Kentucky WIA.
